

TO FILE "BRIEFS"  
IN TRIAL OF OWLS

At President Harding's Suggestion,  
American Pupils Investigate  
Birds of Prey Case.

WASHINGTON, June 1.—Schools throughout the country have been invited by the American Forestry Association to file "briefs" in the case of the Owls to be tried before the John Burroughs Club of the Force School of this city and in which President Harding, "sitting" in the White House, will act as "judge."

Recently when the President asked the club what to do with owls and other birds that preyed upon their feathered kin, they had no immediate answer, so, at Mr. Harding's suggestion, they appointed a "jury" to investigate the question and report in two weeks to the President, who agreed to act as "judge."

PLANS \$25,000,000 BRIDGE.  
San Francisco to Have Structure Across the Bay.

SAN FRANCISCO, June 1.—A bridge across San Francisco Bay will be constructed at a cost of \$25,000,000, according to announcement to-day of A. J. Rich, local financier, who declared the money for the project had been subscribed.

Engineers' plans have been completed and the terminals have been selected, according to Dr. Rich. The structure will extend direct from San Francisco to the Alameda County Shore Line. It will be eight and one-eighth miles long, 200 feet wide and besides providing for traffic of all kinds, would carry oil, gas, and water pipes and electric conduits for public utility companies.

## COFFEE

When coffee is made in an old-fashioned pot, don't let it stand on the grounds after the coffee is ready. If service is delayed, pour off the coffee and keep it hot in a double boiler. Don't let it boil again.

ONCE UPON A TIME  
THERE WERE NO DOCTORS!

The Doctor Was Not Much Needed Until Folks  
Began to Break Nature's Laws.

Doctors Preach Prevention Is Better Than Cure.

Ninety per cent of all disease is preventable, so doctors say. Eat simple food, exercise wisely, sleep sufficiently, and—what is vitally important—make sure of the daily, regular, thorough elimination of body waste, and the chances are nine to one that you will keep well, work efficiently and enjoy life. Bowel elimination of food and tissue waste is all-important. But in cases of irregularity, disordered or imperfect action do not make the common mistake of taking harsh, violently acting medicines, with the idea of forcing the bowels to act. Nature believes in mild methods. She responds best to persuasion.

So in selecting a simple remedy to regulate and assure proper bowel action, you should not use harsh or violently acting remedies, no matter how much has been claimed for them. You should choose some well-known, time tested, trial proven remedy, that has made its reputation by being used for many years, by all sorts of people, all over the world. Take Beecham's Pills for example. Beecham's is a household word, has been for many generations. Beecham's Pills is a household remedy, has been for over half a century. People not only take Beecham's but recommend Beecham's to their friends. Their use is handed down from father to son or from mother to daughter, from one generation to another. Did you ever hear any complaint or criticism of Beecham's? Isn't that a pretty powerful endorsement of their worth? Druggists are glad to sell Beecham's.

FOR  
CONSTIPATION  
BEECHAM'S  
PILLS

Is your complexion rough,  
red, blotchy? Don't try  
to conceal the defects with  
cosmetics which only attract  
attention to the blemishes. Be-  
gin by clearing your skin with Bee-  
cham's Pills. They will not only  
cleanse the skin and remove  
all the impurities, but will  
definitely improve the complexion.  
Ask your druggist for it.
